CLOSING OF THE RENDEZVOUS ROOM

1. The critical requirement for additional office space in the Headquarters Building makes it necessary to close the Rendezvous Room, effective 15 August 1981. The South Cafeteria balcony will be converted to language training classrooms.
2. In addition, in order to expand the seating accommodations, the decorative planters containing trees and other greenery have been removed from the South Cafeteria at the request of the Employee Cafeteria Committee.
3. Consideration will be given to reestablishing the Rendezvous Room whenever space becomes available in the Headquarters Building in the future.
